Bomb Reaches General With Other Mail
---Jap Suspicious Danger of Police
Remove Infernal Machine

P. O. OFFICIALS BEGIN INVESTIGATION

LOS ANGELES, Cal., Sept. 16.—For the second time within three years a bomb today jeopardized the life of General Harrison Gray Otis, owner of the Los Angeles Times, which was destroyed by dynamite October 1, 1910. That he escaped injury, probably, was due to the watchful eye of his Japanese servant, who received from the postman an infernal machine mailed in this city and called his employer's attention to it.

The first infernal machine directed at the life of General Otis was found at his residence a few hours after his newspaper plant had been destroyed through the efforts of the McNamara conspirators.

The teempest on his life today was attributed by the general to a genius friendly to those whose conspiracy eventually resulted in the destruction of his newspaper plant and the killing of twenty-one men three years ago. But the police and postal authorities believed something might be developed from the theory that the Mexican question had a part in it.

General Otis is heavily interested in lands in the Mexican territory of lower California, where two years ago Industrial Workers of the World joined the "direct action" element of Mexicans in an effort to establish a socialistic commonwealth.

A few weeks ago there was an outbreak caused, according to reports by the employment of Chinese in places of Mexican laborers by ranchers in lower California, but General Otis asserted at the time that none was employed by him.

The bomb reached "The Bivouac," General Otis' home at 11 o'clock this morning. It was contained in a small package about five inches long, three inches wide and two inches deep. It was wrapped in brown paper and bore General Otis' address written in what was believed to be a disguised hand.

With other mail it was given by the postmaster to the Japanese servant, who removed the wrapping paper before taking it to General Otis, who was writing in an upper room of his residence. He told the general that he thought the package was suspicious about the package. "I pooh-poohed the boy's belief at first," General Otis said, "but examined the box carefully. I could see parts of matches and black powder. I had the boy remove the thing and asked the police department to send a man to my home."

Matches Fixed in Powder.

Captain E. B. Feltz, a powder expert in the police department, took the machine to a sparsely inhabited section of the city, near the Los Angeles river and there pried open the box. He found matches fixed to the inside of the box in such a way that if they were opened in the usual way they would have rubbed on pieces of sandpaper and ignited. There was also black powder, a small section of fuse, two fuiminating caps and two sticks of 85 per cent dynamite, each cut in two pieces. Feltz exploded the dynamite, which tore a great hole in the ground.

The wrappings were given over to the postoffice inspectors, who began an investigation.

General Otis had "surmise only" concerning the bomb.

"That surmise," he said, "is that it was sent to me by the devils who want to blow up the Times and me, and who are furious because they have failed so long to do so. They may be the same old gang or segments of the same old gang, with the same old animosity."

Chief of Police Sebastian inclined to the theory that the bomb had been sent by some person violently opposed to General Otis' newspaper policy with regard to the Huerta administration in Mexico.

KANKAKEE HOSPITAL PATIENT DIES AFTER FORTY DAY FAST

John Robertson, Found In Abandoned Basement of Institution Expires.

Kankakee, Ill., Sept. 16.—John Robertson, a Cook county patient in the state hospital for the insane died today as a result, it is said, of existing for 40 days in an abandoned basement of the hospital with no nourishment except infrequent drops of water that dripped from a rusty pipe. Robertson disappeared from work in a field one day and when he did not return to the hospital at night, he was reported as escaped. Search was made for him in Chicago and elsewhere until he was discovered by plumbers in the basement.

AUTHORITIES BELIEVE HANS SCHMIDT IS SANE

DECLARE THEY THINK PRISONER IS
FEIGNING INSANITY

Confessed Slayer Admits Counter-
feiter's Den Was Fitted up by Him
Muret Foretells Detectives' Plans

NEW YORK, Sept. 16.—The discovery of a counterfeiter's den, which Hans Schmidt, priest and confessed slayer of Anna Ammiller, today admitted was fitted up by him to make spurious money, led the detectives, Coroner Feinberg and other visitors to his cell in the Tombs to express the opinion that Schmidt is sane and that further investigation will develop that counterfeiting was only one of his "side-lines." They declared it as their belief that he is feigning insanity after the carefully thought-out plans of a master criminal mind.

To the Rev. Father Evers, chaplain of the Tombs prison, to his attorney and other callers, Schmidt admitted his connection with the flat in West 134th street, where detectives found bundles of imitation \$10 gold certificates.

Muret Foretells Plans.

Dr. Ernest Arthur Muret, the dentist arrested last night after the raid upon the counterfeiter's flat today, was held in \$5,000-bail for hearing on the charge of having in his possession a revolver, in violation of the state law. Through his knowledge of the law, Muret forestalled the plans of the federal secret service agents waiting to arrest him on a warrant charging counterfeiting.

By waiving preliminary examination, Muret, for the time being at least, escaped the more serious charge. Bertha Zech, the servant girl employed by Dr. Muret and taken to police headquarters with him last night, was released, the detectives telling the court they had no evidence upon which she could be held. Dr. Muret, the search of his office disclosed, had been studying law through a Chicago correspondence school. Many law books and forms of study from the school were found.

William Flynn, chief of the secret service, today announced that he had temporarily taken charge of the government's end of the case and would work with the New York police in tracing the operations of Schmidt as a counterfeiter and also the connection Muret might have had with the fake money plant.

Believe Men Are Relatives.

Inspector Fawcett, head of the detective bureau, reiterated tonight his belief that Muret and Schmidt are relatives, if not brothers. Dr. Muret told the inspector the resemblance was merely a coincidence. Alphonse G. Koelbe, Schmidt's attorney, visited the prisoner today and after the conference declared that he was more than ever convinced of the insanity of his client.

It is stated that Schmidt admitted to both his attorney and Father Evers that he made money, but declared that it was not counterfeit, that it was "real money made at the command of God," who, he insisted, gave him the plates. Schmidt said the money was to be used in bettering the condition of the poor people in the United States and Germany.

SECRETARY LANE REMOVED TO QUIETER PART OF BERKLEY

Physician Says Two Weeks of Absolute Rest Is Essential—Departmental Communications Withheld From Patient.

Berkley, Cal., Sept. 16.—The condition of Secretary of the Interior Franklin K. Lane was such today that his physician saw fit to order his removal from the home of his brother, Dr. Frederic Lane, where he had been cared for since his collapse in Oakland September 9, to a quieter portion of the city. He was taken to the residence of assistant secretary of the interior, Adolph Miller, in North Berkeley, remote from the noise of the business district.

Secretary Lane's physician said tonight that at least two weeks was essential. He will receive only members of his family and intimate friends.

All departmental communication from Washington are being withheld from the patient.

MILLIONAIRES JOIN RANGERS IN FIGHTING FOREST FIRES

California Conflagration Spreads Over an Area of Approximately Thirty Miles North and East of Los Angeles.

Los Angeles, Calif., Sept. 16.—Millionaire owners of country estates, forest rangers and men and women from the Little Lander colonies joined hands tonight to combat forest fires which today spread over an area of approximately thirty miles of mountain and valley country north and east of this city.

Several ranch houses were burned today and two or three other ranches were reported doomed by the flames.

APPLIES FOR STATE AID.

LaSalle, Ill., Sept. 16.—LaSalle county, which was the first in Illinois to apply for state aid in highway improvement after the Tice bill became a law, today appropriated \$25,000 as its share of funds for good roads in the county. The county also will be ready to receive additional aid when funds forfeited by the other counties are reallocated next February.

CORROBORATE CHARGES OF CRUELTY TO INMATES

MANAGERS OF PONTIAC REFORMATORY CONDUCTING INVESTIGATION

Twenty-Two Boys Testify Before Board—List of Cruelties Alleged To Have Been Practiced—One Official Resigns.

PONTIAC, Ill., Sept. 16.—Twenty-two inmates of the Pontiac reformatory corroborated charges of cruelty in the institution in testifying before the board of managers today. Charges made yesterday by boys received from Cook county caused the investigation to be started.

In addition to the testimony of the inmates that they had been beaten by guards, James Madigan, employed as an instructor in the printing plant testified that he had seen boys mistreated. None of the accused guards of the reformatory has taken the stand.

Among the cruelties alleged to have been practiced on the inmates these:

"Beating up" of nearly every boy who has entered the institution as one of the preliminaries to initiation into the reformatory.

Prodding of boys in cells with the butt end of a long pole used to lower windows.

Whipping of one boy with a chair leg for misconduct in the chair making department.

Pounding of another with a hammer by one of the guards.

Knocking down and kicking of boys and stripping down and corporal punishment of boys for misconduct in the printing department while other boys were looking on.

Use of a block-jack repeatedly by a guard, now discharged, who was in charge of the "screens" or solitary.

Punishment by confinement in the "screens" for three to five days at a stretch with one slice of bread and two quarts of water daily as the food supply.

Refusal of guards and subordinate to permit the inmates to carry their complaints of ill treatment to the superintendent and a failure of inmates to attempt this because of fear of retaliatory measures by their guards.

As a result of the investigation Captain William Robb, assistant disciplinarian, resigned, and R. Hanley and H. Oliver, officers of the institution have been discharged.

EXPECTED ENORMOUS PROFIT FROM COMPARATIVELY SMALL INVESTMENT

Tomlinson-Humes' Deal in DeLuxe Pictures Expected to Net Profit of \$500,000.

Chicago, Sept. 16.—A profit of more than \$500,000 on a deal involving an expenditure of \$35,000 was expected in a transaction in DeLuxe pictures as described today in the bankruptcy hearing of Tomlinson-Humes, Incorporated.

William Young Humes testified that twelve Hogarth's, one Watteau and one Turner were bought for \$35,000 from the Sarah N. Myers, estate now hanging in the studio of the former senator from Montana, William A. Clark, in New York mansion. Humes testified that the company had prospects of disposing of the pictures to former Senator Clark for \$680,000.

Humes stated that after purchasing the pictures for \$35,000 they had been sold to E. P. Clark of Los Angeles for \$125,000 and then placed on sale for the Los Angeles man for \$680,000 with the understanding that if the sale was completed, the Chicago firm would have 50 per cent of the profit.

Attorneys for the creditors declared they would start legal proceedings to gain possession of the fourteen pictures.

COAL MINERS OF DISTRICT 15 DECIDE ON GENERAL STRIKE

A resolution of the legislative committee of United Mine Workers of America endorsing the strike was adopted by a unanimous vote at the convention of the district at 5:30 tonight.

District 15 of the United Mine Workers of America is comprised of Colorado, Utah and New Mexico, Colorado having the largest number of mines.

The special convention that has just adjourned declared the strike in Colorado only at this time. The other states in the district are not affected.

CONTINUES TO RESIST REPUBLICAN ATTACK

Democratic Currency Bill Is
More Than Half Completed
Before Adjournment

UP FOR PASSAGE THURSDAY

It Is Agreed On Both Sides of the Chamber
That Measure Will Come Up
for Passage Tomorrow

TARIFF CONFEREES SPEAK BUSY DAY

WASHINGTON, Sept. 16.—The Democratic currency bill continued to resist the assault of objecting Republicans today in a successful fashion that before adjournment was more than half completed and one of the most important provisions had been settled. It was generally agreed on both sides of the chamber that the measure would come up for passage Thursday.

The principal debate today was over the provision creating the federal reserve board and that regulating the discount of the commercial paper held by banks which became members of regional reserve banks. Attempts to enlarge the federal reserve board, to eliminate members of the cabinet from its composition and to change the salaries to be paid their members were all defeated with expedition. The most important amendment brought out during the day was offered from the committee and agreed to with several Democrats voting against it. This would provide that member banks shall have unlimited rediscount privileges with reserve banks. Another amendment adopted would provide that discounted paper shall have a maturity of more than ninety days instead of sixty as originally intended.

Experts Support Bill.

Examination of three experts brought some strong support for the administration bill and some sharp criticism of its provisions. Professor O. M. W. Sprague of Harvard; Newton D. Ailing, vice president of the National Nassau bank of New York and F. E. Marshall of St. Louis, formerly president of the Phoenix National bank of New York, discussed the measure with the company during the day.

Senator Reed, a Democratic member of the committee, asserted during the hearings that he objected to long terms for members of the federal reserve board that would make the board unresponsive to a change in political conditions.

"I will never consent to creating a system supposed to be controlled by the public, which the people of the United States can't change at the next election," he said.

Mr. Ailing expressed the opinion that the best form of government currency would be a general issue of federal notes secured by a great central gold reserve in the treasury vaults. He said the government could continue to issue currency on this reserve, for beyond its actual value so long as the notes were issued only to meet actual needs of commerce.

Mr. Marshall approved the general principle of the administration bill, but recommended many changes which he believed would make it more acceptable to the banking interests whose support he considered essential to the success of any new currency revision plan.

Discuss Cotton Futures Tax.

Modification of the senate's cotton futures tax amendment to the tariff bill to make the provision acceptable to the house, will be considered by the tariff conference committee within a day or two. Informal discussion of the subject has developed the fact that the house probably would accept the plan of taxing trades in cotton futures, if the terms of the Clarke amendment adopted by the senate were modified.

A substitute for the Clarke amendment submitted to the conference today by Representative Lever of South Carolina, chairman of the house committee on agriculture, would provide that the tax of a half cent per pound or fifty cents a bale, shall not be assessed where the cotton contracts call for the regular government grades and such grades are actually delivered, or where the decision force in price is paid if another grade is delivered; this and other changes will be considered, in the belief that the cotton futures amendment finally will be retained as a regulatory provision, as well as a revenue raising feature.

The tariff conferees pushed through the sundries schedule of the tariff bill today reaching agreements on most of its provisions. The differences between house and senate over hats, photographic films, works of art, furs and several other important items were left for later action.

The house members accepted the senate amendment, putting gun powder and fumigates on the free list, making changes in the method of assessing duties on furs and putting harness and saddlery on the free list.

The senate receded from its amendment putting chains, calf skins and similar leathers on the free list and accepted the house rate of 15 per

NOTHING MARS MEXICAN HOLIDAY CELEBRATION

IN SPITE OF RUMORS OF VIOLENCE
DAY PASSES QUIETLY

Congress Re-opens and President
Huerta Delivers His Message—Ten
Thousand Marchers in Parade—
City Gayly Decorated.

MEXICO CITY, Mex., Sept. 16.—In spite of the rumors which dealt impartially with attacks upon Americans, an army uprising and the assassination of the president, independence day came and went with nothing to mar the holiday spirit. Politically, the great event was the re-opening of congress and the reading of the president's message. But without doubt General Huerta was moved less by that than by the spectacle of thousands of students, citizens and soldiers doing him honor as he stood on the balcony of the national palace reviewing the great parade, the feature in which public interest centered.

More than four thousand volunteers and students, ranging in age from twelve years upwards, had their first taste of military discomfort, standing for hours in drizzling rain and plodding through muddy streets. They bore the hardships manfully, however, marching proudly between dense lines of onlookers, whom the rain failed to daunt, through the principal business street, past the palace and to various points where they disbanded.

It is estimated that close to ten thousand marchers passed in review. They included a thousand of Blanco veterans who did hard service in the Zapata county regular and volunteer cavalry and infantry, rurales, mounted and foot police, artillery cadets and hospital corps. Next to the students and volunteers, who received the most enthusiastic applause, were several ambulance automobiles, filled with white-gowned young women of the Red Cross hospital service.

Along the line of march balconies, house tops and pavements were crowded, the air filled with flowers and confetti showered upon those who marched. Along San Francisco avenue, the principal business thoroughfare, triumphal arches had been erected and added to the general decorative effect of the banners that hung from light poles and windows and the flags of various nations covering the store fronts.

President Huerta and his aides riding through the streets after the conclusion of the early ceremonies, will apply an instant at the doors to his acknowledgements.

The city was ablaze with strings of incandescent lights tonight. All public buildings were profusely decorated. Until midnight the thoroughfare presented the appearance of New Years eve in the big cities of the United States.

Crowds filled the Zocalo in front of the national palace, while other groups wandered noisily about the streets, tooting horns and making the most of the expiring holiday.

INTERNAL REVENUE SERVICE WILL PROBABLY BE RE-ORGANIZED

Resignations of Several Collectors Expected to be Accepted as One of the First Steps.

Washington, Sept. 16.—The internal revenue service probably will be re-organized as soon as the new tariff bill is enacted, preparatory to administering the income tax provisions of the law. Resignations of several collectors of internal revenue who have been holding over from the Republican administration are expected to be accepted as one of the first steps.

Secretary McAdoo has been slow in making a sweeping re-organization of this service because of the collection of the income tax in view he has considered only men of high ability and constructive experience. With the law on the statute books, however, it is stated he will quickly readjust the organization. He is now considering the appointment of a commission of experts to assist Commissioner of Internal Revenue Osborn in the task of organization.

The secretary is favorable to the bill pending in congress for the increase of the salaries of collectors in certain large districts from \$4,500 to \$6,000. It is estimated that the office and field force of the commissioner will be increased by 500 employees.

The senate also consented to a reduction in the rate it had fixed on gloves. Chairman Underwood of the house conferees expressed the belief tonight that there would be no great differences between the members of the two houses over the income tax section, where the senate materially increased the rates of tax on large incomes. Owing to the large number of amendments to the text of the income tax section, however, it is expected that some time will be spent by the conferees in perfecting the measure to prevent confusion in the administration of the law.

MAY TAKE THAW CASE TO THE SUPREME COURT

COUNSEL FOR MATTEAWAN FUGITIVE
ANNOUNCES PLANS

Prisoner Gains Most Notable Court
Victory Since His Escape From
Asylum—Hearing Before Govern-
or Tuesday.

LITTLETON, N. H., Sept. 16.—Counsel for Harry Kendall Thaw laid today, the foundations for plans to carry his case to the supreme court of the United States.

When the governor of New Hampshire passes on the matter of the extradition of Thaw to New York, at the hearing to be held at Concord next Tuesday, the findings, if adverse, to Thaw will be reviewed by the United States district court and should a decision against him be rendered successive appeals will be taken until the case reaches the highest court in the land.

This was the announcement made by the Thaw lawyers tonight after the most notable court victory for the fugitive either in Canada or in the United States since his escape from the Matteawan asylum for the criminal insane. It was made after a hearing on a federal writ of habeas corpus obtained in Thaw's behalf and invoking the fourteenth amendment to the constitution, had been indefinitely suspended until such time as counsel saw fit to begin arguments after the extradition matter had been decided by the governor.

Has Right To Hold Writ.

Edgar Arlrich, United States judge for the district of New Hampshire in deciding that Thaw, had the right, in effect, to hold his habeas corpus writ in advance, explained in his report that this was the petitioner's privilege in that should he be ordered extradited "it would still be open to federal authority to afford such protection as the constitution and the laws of the United States require."

Thaw's jubilant counsel left town tonight leaving their client in the joint custody of the United States marshal and Sheriff Drew of Coos county not to return until the hearing before the governor is called. Not long after departed the head of the New York state forces William Travers Jerome and with his Deputy Attorney General Kennedy and S. H. Hornbeck of Dutchess county. They will come back for the hearing Tuesday.

Thaw, according to the understanding reached, will be taken to Concord in the morning. He was quartered in Thayer hotel tonight and predicted that the gates of Matteawan would never close behind him again.

Jerome Has Little To Say.

Mr. Jerome had little to say: "Thaw is tied up now with a federal writ," he said, "and there is no getting around it. But the questions to be decided by the governor are simple and we hope for victory."

For the first time since his return to the United States after his sudden deportation from Canada, Thaw was openly cheered today. Arriving early from Colebrook, near where he was arrested last week, enthusiastic and sympathetic crowds greeted him at the station and when he descended to Main street, after his court victory and was taken to his hotel for dinner, hurrahs greeted him as he passed.

Throughout the afternoon motor cars blocked the streets outside his quarters and hundreds of pedestrians crowded the sidewalks.

HOLDS TROOPS READY.

Denver, Colo., Sept. 16.—Governor Elias M. Ammons, tonight ordered Adjutant General John Chase to have the Colorado National Guard in readiness to entrain for Trinidad and the Southern Colorado coal fields where a strike has been called for September 23. He stated tonight that, upon what he considered reliable information, he had learned ammunition and arms were being distributed among the miners.

It is estimated here that the strike will affect between 7,000 and 9,000 families in the mining districts.

PRESIDENT HUERTA DELIVERS MESSAGE

Promises to Bring About an Un-
restricted Election in Mex-
ican Republic Next Month

U. S. RETARDS PEACE PLANS

General Asserts Strained Diplomatic Re-
lations With United States Has Retarded
the Pacification of Mexico

TO SPARE NO EFFORTS TO OBTAIN PEACE

Mexico City, Sept. 16.—Provincial President Victoriano Huerta delivered his semi-annual message tonight at the opening of the second session of the twenty-seventh Mexican congress. In it he promised to spare no efforts to bring about the unrestricted election of president and vice-president of the Mexican republic next month, declaring that it would constitute the greatest triumphs of his career to turn over the office to his successor with the country at peace, as he hoped to do.

General Huerta said the strained diplomatic relations between Mexico and the United States had caused the Mexican nation to suffer unmerited affliction and had retarded the pacification of the country.

Nevertheless he hoped for an early solution of the differences between the two nations and to see Mexico and the United States once more united in bonds of friendship.

The provincial president drew a distinction between the attitude of the government of the United States and that of the people of that nation, saying "the tenseness of our diplomatic relations with the government of the United States of America, although luckily not with that people" had put Mexico in a state of apprehension.

The message was disappointing to those who had expected that President Huerta would deal at some length with recent diplomatic exchanges. This subject, however, he said, "being so delicate and the permanent commission of congress being already informed," he passed with a bare mention.

Chamber of Deputies Crowded.

The deputies and senators in joint session filled the floor of the chamber of deputies. The balconies were packed, the diplomatic gallery being filled with foreign representatives and their families.

At the conclusion of the reading of the presidential message there was prolonged cheering in which the congressmen were joined by the crowds in the galleries. In his message President Huerta said:

"The Mexican government regards the pacification of the country as an urgent necessity in order to restore the public services to their normal state, to re-establish the political, social and economic equilibrium and to make possible a program of reforms which will satisfy the national aspiration."

"I will spare no effort and no sacrifice to obtain the coveted peace and guarantee fully in the coming elections the free casting of the ballot."

"You may be sure it will constitute the greatest possible triumph for the interim government to surrender of office to its successor if the latter, as is to be expected, enters upon its functions with public peace and order accomplished."

An interesting statement in the message was that the government had contracted abroad for ten aeroplanes, seventy-seven armored automobiles and fifty unarmored automobiles and two armed transports.

I. W. W. in Northern Mexico.

Carizo Springs, Texas, Sept. 16.—The alleged connection of Industrial Workers of the World with a new movement in the revolution in northern Mexico was another investigation today. Five prisoners claimed to be members of the order, including the American, Charles Cline, whose card showed affiliation with the St. Louis local.

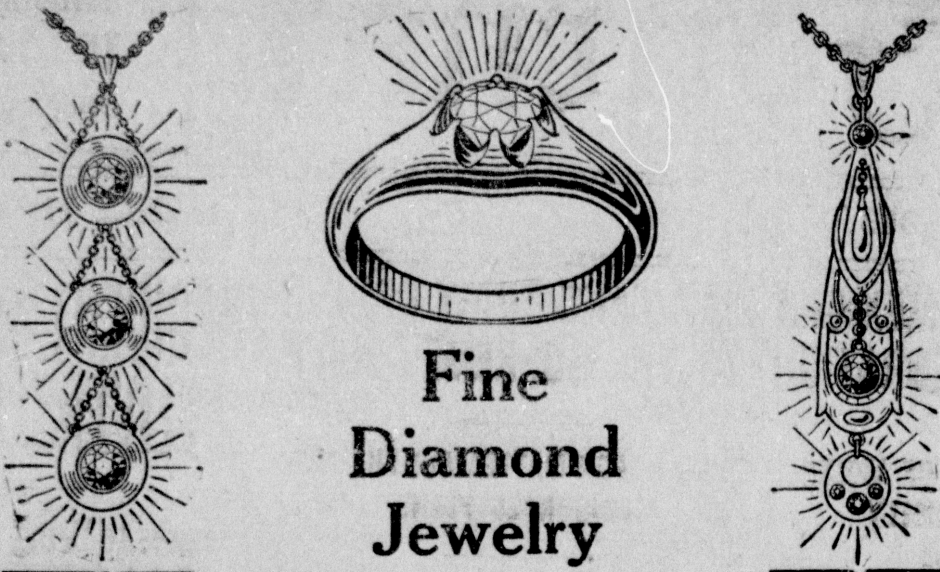

J. M. Rangel, one of the prisoners and not Cline, is declared to have been actual leader of the smugglers. Rangel said today that Zapata for two months, as head of the I. W. W. in Mexico, has been spreading the organization's propaganda in northern Mexico.

DR. REES HEARD IN STRONG ADDRESS ON "WHERE ART THOU?"

Large Audience in Attendance Despite Inclement Weather—Organization of Churches Tonight For Individual Work—Special Service Thursday For Women.

Despite the threatening nature of the weather Tuesday evening, a well filled tent greeted the evangelist when he announced the text from the book of Genesis, "Where Art Thou?" This account of Adam's enforced reckoning with Jehovah in the garden Dr. Rees took as the basis for a strong practical appeal for a life of consistent growth and Christian progress. Before the sermon, Mrs. Rees favored the audience with a solo entitled, "Shall I Empty Handed Be?"

Announcements were made at the sermon's close of the organization of the Christian church and of the formation of the Methodist, Baptist and Northminster groups Thursday. The organization of the church membership into bodies for individual work was characterized by Dr. Rees as the most important work of the whole meeting.

Tomorrow afternoon at 3 o'clock Dr. Rees will speak to women only on "Personal Responsibility."

Women will act as ushers and arrangements have been made for mothers who have young children whereby the children may be left under the care of responsible persons in the parlors of the Northminster church across the street from the tent. The services this afternoon are at 3 o'clock. Subject: "The Power of Little Things."

Dr. Rees' Address.

Dr. Rees took for his subject God's first question "Where art Thou?"—Genesis 3:9—in part he said: "The text carries us back to the genesis of man, when he came from the heart of his God, when the morning stars sang together and the sons of God shouted for joy. But man broke with God when the act of disobedience entered and God came calling anxiously 'Adam, where art thou?' Adam was the offender and he should have been the seeker, crying 'O God, O my God, Where Art Thou?' But Adam fled and God came seeking. Let us ask ourselves a few questions as Christians:

"First, where art thou as a Christian? Does our Christianity control our commercial life. Mr. Burrell refused to ship a customer a bill of goods who wrote him suggesting a scheme by which he could receive large profits but which would defraud the government. The man whose business transactions receive as prayer as his Sunday services will always be able to answer God's question: 'Where art thou?' It was Robert Peel while attending one of England's fashionable gatherings, who asked the host if he would order his carriage as he desired to leave. When questioned as to his early departure, he said 'I cannot remain here and maintain my Christian integrity.

"Third, Where art thou in the church? I do not mean your office as a deacon, elder or trustee but where are you in character? Oh, the eloquence of a godly life. When a soul needs and wants God it clings to the truth with intense eagerness. Many have changed God's order. We seek everything before God.

"Fourth, Where art thou in advancement in the Christian life? How much more of the Bible do you know this year than you did last? You have grown socially, intellectually, physically and materially, but how much have you advanced spiritually? How many souls have you led to Jesus? Mark this which I now say: Every member of the churches and every Christian in this city is either a channel or a hindrance. Once you had a family altar, where is it now? Once you asked prayer at the table but where is it now? Some of you have wandered so far that your children know the difference. Let the wicked forsake his way and the unrighteous man his thoughts; and let him return unto the Lord and he will have mercy upon you and to our God for he will abundantly pardon.

"Finally where art thou, who never knew the Lord? Immortality implies that you will always be somewhere. If not a Christian, you are where you ought to be. Where art thou? You are at the door of opportunity. You may even now be in interceding terms with Him. Are you willing so to be? Where will you be if you fail to come to Him?"

The cause of the death was hemorrhage of the brain.

SOCIAL EVENTS.

A miscellaneous shower was given Miss Florence Delaney Tuesday evening by Mrs. Montie Sumpter and Miss Mollie DeFrates at the home of the former, in honor of the approaching marriage of Miss Delaney to Mr. Walter Quinlan. The time was spent in a number of guessing contests which the hostesses had prepared and in which prizes were won by Miss Josie Foley, Miss Mabel Preston, Miss Kate Hoagland, Miss Ethel Ross and Mrs. Anna Alvies. Refreshments were served, including pink and white ice cream, which harmonized with the decorations of the rooms. The presents received by Miss Delaney expressed well the skill of her friends in selecting gifts valuable for use as well as for beauty.

The Gleaners of the Presbyterian church of Woodson, composed of young ladies, were hostesses at the home of Miss Edith Colton, Tuesday afternoon, in honor of Miss Lydia Brown and Miss Grace Blemling, who are soon to wed, the former William Ricks and the latter John Zahn. It was a utility shower that was given the young ladies and the gifts which were many and beautiful were presented in fancy decorated hampers, each gift being accompanied by a suitable piece of poetry. A number of guessing contests also afforded pastime and each guest wrote a letter of advice to the brides-to-be. These letters were read which occasioned no little merriment.

The house was tastefully decorated in yellow and white, golden rod and other fall foliage being used. A two course luncheon was served, the decoration idea being carried out in the refreshments. Misses Edith Colton, Martha Iram and Susan Russell had charge of the serving.

Among those who attended from Jacksonville were Mrs. Walter Crawford, Mrs. Ernest Siley, Mrs. George McKee, Mrs. G. A. Faugust, Mrs. J. L. Taysan and Miss Florence Fox.

Misses Jeannette and Ruth Taylor were hostesses at a novelty shower, in honor of Miss Leila Smith, Tuesday afternoon, at their home, 1040 West College avenue. The young ladies present included the hostesses, guest of honor, Misses Lura Wiswell, Helen Reaugh, Irene Cox, Josephine Ross, Irene Merrill, Verna Smith, Sue Fox, Mrs. Paul Brockton, Mrs. Dwight Smith and Mrs. Harry Maddox. Miss Smith received a number of useful gifts and ample entertainment was afforded when the guests were asked to make as many words as possible from the word "honeymoon" and setting words to the wedding march from Lohengrin. The decorations consisted of autumn foliage and flowers. Delightful refreshments were served.

The ladies of the East Side Tuesday club gathered at the home of Mrs. G. R. Bradley of West College avenue Tuesday afternoon at 3 o'clock for the first meeting of the year. In her address of greeting, the president, Mrs. George Hocking, expressed her appreciation of the office and her hopes for the active cooperation of each member of the club. After the greetings of the president the club was favored by a violin solo by Miss Bradley, accompanied by Miss Van Houten, after which the ladies enjoyed a pleasant social hour.

101 RANCH SHOW DELIGHTED JACKSONVILLE AUDIENCES

Two Performances Presented Life Typical of the Plains—Show High Class in Every Particular.

The 101 Ranch Wild West Show came to Jacksonville yesterday morning from Springfield and at an early hour this morning left for Hannibal, Mo. It is safe to say that no show ever departed from Jacksonville with a better record for promises kept or for having furnished a snappy high class entertainment. The morning street parade was a splendid one and gave earnest of what might be expected at the show grounds.

Everything about the 101 Ranch shows is in excellent condition and makes clear that there is good and prosperous management behind the whole big enterprise. While the threatening weather interfered to some extent with the attendance both afternoon and evening, still there were audiences of good size and there was not one dissatisfied person there. The whole program was so arranged as to give a clear idea of the life of the great west today and during years now gone by. The scenes which the 101 Ranch Show presents are typical and the whole program at the performance is of a kind to delight and instruct both young and old.

The 101 Ranch. The show as it travels today is a round up on the famous Miller Bros. ranch at Bliss, Oklahoma. This ranch has an actual area of 101,000 acres, and comprises one of the largest cattle-raising ranges in the world. Naturally, on a ranch of this character, there would be scores of clever cowboys, experts in riding, roping and other sports of the range, and the Miller Brothers conceived the idea of inviting the rest of the world to come to their ranch and see their employee lasso cattle, ride "outlaw" horses, and perform other interesting, and often dangerous exploits.

The public came by thousands—they came by team and on horseback from nearby towns—and they came by special trains from all over the middle west. That "round-up" made the Miller boys famous.

A proposition was then made to the Millers to transport their cowboys, horses and cattle to the Jamestown Fair, and to give a practical demonstration of the real life of the cattle ranch. The proposition was accepted, and the 101 Ranch show proved to be one of the very few profitable ventures of the exposition. The expositions were given in Madison Square Garden, New York the Chicago Coliseum and other big buildings, always with success. Organization and the equipment of the show with special trains and other paraphernalia for "touring naturally followed.

ENGAGE IN REVOLVER DUEL
New York, Sept. 16.—Gunmen, said by the police to be members of rival gangs whose activity in the primary election today led to the renewal of an old feud, engaged in a revolver duel, while seated in two automobiles standing on upper Broadway just as a near by theatre matinee crowd swarmed into the street.
The attacking party of seven, after firing on three men in the other car half a block away and being shot at in return, attempted to speed away but were overtaken by a traffic policeman in a taxi-cab. Five hundred thousand dollars in realty and government bonds will be equally divided among the three children of Mrs. Amelia Miller, sister of J. W. Williams, a land owner, as the result of Mr. Williams' death in Sacramento last week. According to the will, Miller will receive as his portion of the estate about \$167,000.

JOHNNY KILBANE WINS DECISION

Defeats Jimmy Walsh in Twelve Round Bout at Catch Weights.

Boston, Sept. 16.—Johnny Kilbane, of Cleveland, Ohio, the featherweight champion, won a decision over Jimmy Walsh of Boston in a twelve round bout at catch-weights here tonight.

It was the third bout between the two men and the first decision at any of their meetings. Walsh was apparently much lighter than Kilbane and fought defensively most of the time. Without offering a very strenuous offense, Kilbane scored minor points in nearly every round. Walsh did not land half a dozen blows up to the tenth. Then he started an attack of left and right swings, several of which found their mark on Kilbane's body and neck. The champion, aroused, rained blows upon his opponent and one right upper cut sent Walsh to the mat. He was apparently dazed for a second or two, but sparring for time, waited during a count of eight and straightened out for a decision. Kilbane rushed him, but was stopped by the bell.

FOURTH OF JULY
OBSERVED IN OLD MEXICO

September 16th Is Celebrated as National Day of Independence There.

City of Mexico, Sept. 16.—War-ridden as is this republic there was no appreciable diminution in the crowd that assembled in the Zocalo last night to hear Provisional President Victoriano Huerta cry "Viva Mexico" and ring the liberty bell. The ceremony, known as the "Grito de Hidalgo," ushers in the annual celebration of the Mexican independence day.

It was on September 15, 1810, that the patriot priest, Padre Hidalgo, began the revolution which resulted in the overthrow of the Spanish power in Mexico. During the preceding year the revolutionary spirit was rife throughout the country. Many attempts to perfect an organization that might contend with the Spanish power were made, but they uniformly ended by the execution of all the leaders in the plots.

Hidalgo was one of the leaders of an undiscovered plan and it was intended, as in other cases, to perfect organization before striking the first blow. Word came to Hidalgo that the plot had been discovered and the troops were even then on the way to arrest him.

Hidalgo and His Band. Then it was, so the story goes, that Hidalgo rang the bell of his little church in town of Dolores and summoned the band of patriots about him. A mass was said and he announced that the time had come for action. About 300 men, poorly armed and with virtually no equipment of war, responded, and the march on the city of Guanajuato was commenced. As the motley band of insurgents passed the church at Atotonilco Hidalgo took the banner illustrating the appearance of the holy virgin at Guadalupe and raised it as the battle flag of the war of independence.

But while Hidalgo and his compatriots were fearless, they were not soldiers nor skilled in the art of war. After achieving wonderful success and with a constantly increasing army he had reached almost in sight of the City of Mexico, when the tide turned. His army was dispersed and he fled northward toward Chihuahua, where he and his chief lieutenants were captured. They were promptly executed and their heads placed on spikes at the four corners of the prison as a warning to other revolutionists. Other leaders arose, and Mexico continued in a state of upheaval and unrest for seventy years, until the soldier and statesman, Porfirio Diaz, was elected to the presidency.

Thus briefly sketched, was the beginning of Mexican independence, and this is the reason that September 16 is celebrated throughout the Republic of Mexico. The beginning of the annual celebration last night was marked with all of the customary enthusiasm. In the great square where their forefathers lifted their eyes to the top of the "coatl" to see the throbbing heart that the priest cleft from the bosom of a fair prisoner, the people jammed a hundred thousand strong, gazed on the clanging bell that Hidalgo used 103 years ago. The poor or classes occupied all the central part of the square. Directly in front of the national palace, the municipal palace and the cathedral, the three great piles which bound three sides of the Zocalo, chairs were placed for the better classes. The numerous windows and balconies of the edifices mentioned were reserved for invited guests.

Sang National Hymn.

From dark the crowd was entertained with fireworks, while half a dozen picked military bands, playing alternately, never allowed the music to cease for more than an instant. Five minutes before the hands on the great clock over the palace indicated the hour of 11 the bands stopped. There was a hush that only emphasized the burst of applause that greeted General Huerta when he appeared on the brilliantly lighted central balcony of the palace. As he took hold of the gilded cord that reached up to the historic bell, the crowd again was still. With the first clang of the hour the time honored "grito" was delivered by the executive. Then the massed bands burst into the national hymn, accompanied by a chorus of a thousand voices. For nearly an hour the provisional president was cheered. In the excitement of the occasion there were many "muoras" for the "Americanos" and many "vivas" for Don Victoriano.

To day the celebration of the national independence day was continued with unabated enthusiasm. The decorations of business houses and residences were on a more elaborate scale than ever before. The grand civic and military parade this afternoon numbered thousands of marchers. It was several hours in passing the stand, whence it was reviewed by General Huerta, the officers of the cabinet, members of the senate and chamber of deputies, high officers of the army and many prominent citizens.

LEGISLATURE ASSEMBLES.

Edmonton, Alta., Sept. 16.—With the usual ceremonies the session of the Alberta legislature was formally opened this afternoon by Lieutenant Governor Bulyea. It is expected the session will be short. In addition to the estimates and the usual routine business the lawmakers probably will give their attention to the co-operative elevator question and the Alberta and Great Waterways matter.

HAD A PLEASANT CALL.

Several years ago when Gen. Grierson and family were enjoying their cottage during the summer at Omena, Mich., they had in their employ a Chippewa Indian boy named Ogama Gligize, and all who knew the general know how well and kindly he would treat that boy and win his affection. He certainly did it and Indian-like, the boy didn't forget it. He was educated at Carlisle and later went into the show business, traveling all over the world, going as far away as Australia. Finally he allied himself with Ranch 101 and took his brother with him. Knowing that the widow of General Grierson lived in this city he hunted her up yesterday and taking his brother with him paid her his respects and of course was kindly received by the good lady who was much pleased to see how the boy remembered her husband and herself.

Zimmerman, who had been suspended for three days, resumed his position today. Recruit Allison procured by Chicago, from Cadillac, Mich., reported to Manager Evers today.

JACKSONVILLE BRED RACEHORSE

SOLD TO TAYLORVILLE TURFMAN

Gilbert M. Leaves Home for Magnificent Sum of \$1,000.

Scott Green left for Mattoon yesterday to complete negotiations for the sale and transfer of his magnificent harness racing horse Gilbert M. The deal has been hanging fire several days—not owing to any difference in price—merely on details. A gentleman from Taylorville, H. E. Winslow, paid Mr. Green \$50 as an earnest on an option on the racer for the handsome price of \$1,000.

Gilbert M. is about 6 years old and is also among the last of the high priced harness racing horses left in this vicinity. This horse was sired by David Strawn's Tommy Harrison, out of Vanity Dunn, dam. She was by Argot Wilkes, record 2:11 1/2. Gilbert M. has had a successful career upon the different racing circuits, and was bred and raised by Mr. Green. Jacksonville race-goers have admired this beautiful horse at the many local matinees, with McDaniels, his trainer and driver, in the seat. His going will be a distinct loss among the many handy local racing tools at the local tracks. Taylorville is to be congratulated upon its acquisition, while Jacksonville will continue to watch and hope for the best in the horse's future. Gilbert M.'s record is 2:09 1/4.

AMERICANS WED ABROAD.

New York, Sept. 16.—A dispatch from London says that the wedding of Miss Van Alen and Griswold A. Thompson, both of whom are prominent in society in New York and Newport, takes place today in Surrey, where Miss Van Alen has been staying for some time.

The bride is the daughter of James J. Van Alen, who for some years, has spent most of his time in England, and a granddaughter of the late Mrs. Astor. She is also a niece of Mrs. Orme Wilson and Mrs. Ogilvy Haig. Vincent Astor is her cousin. She has for several years spent most of her time in England with her father, and while in Newport has presided over Wakehurst, her father's villa there.

Mr. Thompson, the bridegroom, has also lived much in Europe, but for several years has lived in New York. He is a bond broker and resides in East Sixtieth street. He is well known in Newport where he has visited frequently during the season.

BAPTISTS MEET AT GRAND FORKS.

Grand Forks, N. D., Sept. 16.—The annual convention of the North Dakota Baptist association assembled here today and was opened this afternoon with a meeting of the Baptist ministerial union. Rev. A. E. Peterson of Fargo presided, and Rev. E. Halliwell preached the annual sermon. The sessions of the convention proper will begin tomorrow morning and continue until Friday.

Each member of the United Mine Workers of America is to be assessed fifty cents a month for September and October. The proceeds will be added to the international fund in aid of the striking miners in Vancouver, West Virginia, southern Colorado and elsewhere.

SOME OFF-SIDE CHUTES.

The first try-out under the new Wisconsin boxing law was a grand success Monday night at Racine.

Charley White, a little Chicago Hobnob scrapper, and Mickey Sheridan, from the Windy City's Bubbly Creek, were hooked up for a ten-round, no decision bout. The Stock Yards man was floored in the second round by a right cross counter to the jaw. He remained down for the count of nine and then sprang around the ring in a groggy state, pleading with the referee to allow the contest to proceed. The crowd also called for a continuance, but the referee knew the law and stopped the bout, when he decided the match was totally off-sided. Both principals were examined by a physician, who pronounced them physically fit.

The odium of that rampus at Cincinnati in the Saturday ball game is now put up to Maranville of Boston by the Chicago sporting writers, who are demanding that he and bullies of his ilk be banished from the game.

The suggestion will be seconded by all lovers of the national pastime. And while the moguls are canning the rough-necks, arrangements should be carried farther and the hooligans kept out of the stands and bleachers.

Maranville and Tinker were each fined \$50 and Tinker was given three days on the ground additional for their Saturday mixup. Meyers of Boston, who butted into the fracas without being called, was assessed \$100.

Safer, whose parents had been visiting him from Lansing, Mich., could not register a hit of any kind during the Brooklyn series with the parental eyes upon him. But just as quickly as mamma and papa had departed for the Wolverine state capital slammed one of Giant Tseureau's shoots against an outlying signboard for the circuit.

The home team's share of the gate receipts in Milwaukee Monday, when the Brewers defeated Indianapolis, was turned over to her players by Mrs. Havenor, owner of the local club. In addition, when Manager Clark first went to the bat, he was presented with a check for \$500 from the same source. Mrs. Havenor, before her marriage to the deceased Mr. Havenor, was a Chicago girl, and popular in North Side society.

Sixty-eight kickers were out in the first day's practice at Harvard. Included in the squad were eight of last year's wearers of the crimson. The men who helped subdue the Yale bulldog last November reported in the pink of condition.

Over in Warsaw, Ind., in the target shooting tournament, the contestants are doing some rather nifty work. Fifties out of a possible 50 are being made with much regularity. Rush Ragle is also turning some fancy shooting with rifle, pistol and shotgun.

Jim Corbett tells the press at every point where he stops on his theatrical tour that Bob Fitzsimmons' challenge to box him ten rounds in New York for \$1,000 should be taken as a joke; that Bob is "broke" and is in need of the coin. Pampadour Jim never hewed closer to the truth in all his life. He does not forget the joke the freckled one made of him out in Nevada on St. Patrick's Day, 1897. Bob, for the first time, introduced Jim to Old Solar Plexis, and to this day the ex-Frisco bank clerk has not forgotten the introduction.

Drafting season now ended, the dopsmiths will now get busy picking next year's championships. Over 100 players were picked in the grab-bag lottery at Cincinnati Monday. St. Louis Browns leads with thirty men—and goodness knows the Browns need them all.

For the next few days all eyes will be focused on every morsel of news flashed from Brookline, Mass. The eagle and the bovine are in mortal combat there for the world's golf supremacy. Besides the Americans and the English there are players from France, Mexico and Canada. McDermott, the former caddy, must defend his championship title once more, (the third time) to hold his emblems.

MANUFACTURERS MEET IN HALIFAX.

Halifax, N. S., Sept. 16.—Halifax extended a hearty welcome today to the many distinguished visitors assembled here from all parts of the Dominion for the annual convention of the Canadian Manufacturers' Association. The sessions will continue several days and will be devoted to the consideration of a wide variety of questions of importance to the industrial world. C. B. Borden, of Montreal, is slated for election to the presidency. Much interest is manifested in the convention banquet which will be held at the Halifax Hotel Thursday evening. Hon. Robert L. Borden, the Dominion premier, and Hon. G. H. Murray, premier of Nova Scotia, will be among the speakers.

This corporation was formed for the purpose of exploiting open air companies in the classic drama, in which particular branch of the amusement field Mr. Goodstadt is an expert, the management of important concert artists and entertainments of a character which demand special direction and management.

HUERTA'S MESSAGE IS READ TO CONGRESS

PRESIDENT OF MEXICO HOPES
FOR EARLY SETTLEMENT OF
DIFFERENCES.

Refers to Delicacy of Relations With
the United States—Does Not Be-
lieve That Permission for Presence
of Warships Should Be Extended.

Mexico City, Sept. 16.—President Huerta's message to congress was read today at the opening session. It was in part as follows:

Besides the fratricidal strife which exhausts us, the tenseness of our diplomatic relations with the government of the United States, although luckily not with that people has put us in a state of apprehension, has made us suffer more than one affliction, which was not merited, and retarded the complete pacification of the republic.

"As this affair is of so delicate a nature and as the permanent commission of congress has already been informed of the state of the negotiations, which as yet have not been broken off, I have only to indicate that the government hopes, with good grounds, to see quickly solved the differences which day by day keep in suspense that good friendship which of old united, and for an indefinite future should unite us, to our powerful civilized neighbor.

Many Nations Answered.
"Upon taking charge, by virtue of the law, of the presidency of the republic, complying with the established international practices I communicated the fact of my having taken possession to all the foreign governments with which Mexico cultivates relations of friendship. Of these there hastened to answer by autograph letter the following: Germany, Austria-Hungary, Belgium, Colombia, Costa Rica, China, Denmark, Ecuador, Spain, France, Guatemala, Haiti, Holland, Honduras, Great Britain, Italy, Japan, Montenegro, Norway, Portugal, Russia, Salvador, Serbia, Switzerland, Turkey and Uruguay.

"I would call the attention of congress to the fact that in this list are not found some of the small governments in Europe, but this is due to the fact that we have no diplomatic relations with them, or that their replies have already been announced through the proper channels and did not reach the chancellery. It has caused surprise, and at the same time regret, to the honorable chamber, as to the executive, that some of the countries to which Mexico is united by ties of blood, language and customs, and no less by identical aspirations and destinies, have not vouchsafed a reply to the letter.

As to Foreign War Ships.
"The executive is ignorant of the causes which may have prompted this conduct, and it certainly may be entirely worthy of respect. He abstains from endeavoring to learn, and contents himself with putting the result before your honorable body.

"There have been sent to our ports various foreign war vessels, with the object it is said of extending protection, if that should be necessary, to the lives and interests of subjects of the powers in question by reason of the state of insecurity. It is presumed, growing out of the revolution. In view of this departure in foreign relations I entered into correspondence with certain foreign diplomats, calling attention to the action of their respective governments, and upon receiving due explanations dictated orders towards the fulfillment of the law in such case.

"Since the law prohibited warships from remaining for more than a month in territorial waters, the senate authorized the said ships to remain, but with the understanding that those remaining should not entail an attack upon the dignity and sovereignty of Mexico. Such authorization limited them to a period of six months, dating from April 25, last, and it was not though advisable to renew this authorization upon its approaching expiration. Other ships, which made visits of courtesy and not of vigilance have been received by the Mexican authorities according to international laws and customs.

The Coming Elections.
On the subject of the approaching elections, the president said that he had promulgated the law enacted by congress, complementary to the electoral law, under which the government will hold elections the coming October.

He declared that the government would continue to make efforts towards the pacification of the country within a period relatively short. In this respect he could inform congress that the situation was already dominated by the government in a majority of the states, only Sonora and Durango being at present totally beyond authority.

He called attention to the fact that within the period treated by the message the most salient accomplishments of the revolutionary movement had been the taking of Zacatecas, which had been recovered later by the forces of the government, the taking of Durango, which was still in the hands of the rebels and attacks on the port of Guaymas and the city of Tofreon, which were repulsed by the federal troops. The filibuster movement in the northern part of lower California had quickly been suppressed.

LITERBERRY.

"Oh young Lochinvar is come out of the west,
Through all the wide border his steed was the best;
And save his good broadsword, he weapon had none,
He rode all unarmed, he rode all alone;
So faithful in love, so dauntless in war,
There never was knight like the young Lochinvar."

This part of the poem of the great Scotch poet expresses our opinion of the lively wedding that was consummated down in the Bend last week. We are also reminded that all the game young men are not dead, nor grown too old to participate in a Lochinvar wedding. The world admires a true, manly lover and there are always plenty of true men and women who are willing to help a young couple, especially when they are in the right, and the Bend is no exception to this rule. Had this affair occurred twenty-five years ago it would have been a real Lochinvar wedding; then, you could have seen the game young people mounted on their spirited horses, climbing the hills and shooting across the valleys, each young man having his best girl mounted behind him, and one would have to guess which was the real Lochinvar. While the Bend is still the land of romance and her citizens are still game, loving to lend a hand in the hour of need, the facilities for working out romantic problems are crude. Think of going to steal a bride (from an old woman who could not ride a broomstick) with a forty horse power automobile, that could skim over the hills at forty miles an hour. You will admit this takes a good deal of the romance out of the case; still, there is enough left to exhilarate those who took part in the diplomatic proceedings, which, we think, was about the finest part of the program. Of course it would have been rowdiness for the young man to have gone into the home of his best girl, throw her over his shoulder and run for his horse, perhaps followed by his intended mother-in-law firing stove lids and pots at him. In this case it would have been dangerous, to say the least. Now comes the beauty of our twentieth century civilization. Diplomacy takes the place of rudeness and although the wound may be just as deep, things look smoother and more up to date to the outsider. We imagine these diplomats who hoodwinked the old lady while the young man stole the young lady, will derive much fun from rehearsing the fine things they said on this memorable night. We and our town join in with our good wishes to the young people who were so determined to be one, in the sight of God and the law.

P. S.—"None but the brave deserve the fair."
The Literberry M. E. society were entertained at the hospitable home of Mr. and Mrs. Newton Brainer on St. Louis avenue, Arcadia, Wednesday afternoon, the 10th. Mrs. Brainer was assisted by her daughter, Miss Dessie. About 25 were present and all enjoyed themselves to the utmost. Refreshments in two courses were served.

Mrs. S. H. Crum had the misfortune to fall last Friday, breaking her arm.
We, with Mrs. Mc, Brother Dickman and S. H. Crum had the pleasure of attending Sunday school at Grace Chapel Sunday afternoon. Rev. Mr. Dickman and Mr. Crum each made a good talk, which pleased the school.
The Morgan and Scott County Baptist association will be held in the Baptist church in Literberry Wednesday and Thursday of this week.

Mrs. M. M. Crum was taken suddenly ill at the church Sunday morning. She is now improving and her friends expect to see her around again in a few days.
Louis Maul and family were visitors at Grace Chapel Sunday.
Corn cutting has commenced in the neighborhood and the shocks loom up better than one would suppose under the circumstances.
Mr. and Mrs. S. H. Crum and Mr. and Mrs. J. M. Litter were visitors in Jacksonville Saturday afternoon in their Hudson car.

STOP CATARRH!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, usually indicated by sniffing, stopped up head, droppings in throat, watery eyes and morning choking, there is an irritated state of mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow the dangerous germs which may be breathed into the nose, throat and lungs to begin the destruction of your health.

The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei—all druggists sell it. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

The unusual way in which Hyomei is sold dispels all doubts as to its curative properties. Money refunded to anyone whom Hyomei fails to benefit. A complete outfit, including inhaler and bottle of liquid, costs but \$1.00.

"CASCARETS" RELIEVE SICK, SOUR STOMACH

Move Acids, Gases and Clogged-up Waste from Stomach, Liver, Bowels—Cure Indigestion.

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too. (Adv.)

ERUPTION ALL OVER CHILD'S BODY

Began With Small Red Spots. Cried Almost Day and Night. Used Cuticura Soap and Cuticura Ointment. Well in One Week.

R. F. D. No. 2, Jackson, Mo. — "Our daughter who is ten months old was suffering from an eruption all over the body. In the beginning they were small red spots and afterwards turned to bloody sores. We tried all sorts of ointments but they did not procure any relief for our child. She had no rest day or night and we tried everything to procure relief for our baby. She cried almost day and night and we scarcely could touch her, because she was covered with sores from head to foot. We had heard about the Cuticura Soap and Ointment and made a trial with them, and after using the remedies, that is to say, the Soap and the Ointment, only a few days passed and our child could sleep well and after one week she was totally well." (Signed) August F. Bartels, Nov. 25, 1912.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend.

The action of Mother's Friend makes the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised. This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradford Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

RETURNS HIS THANKS

Editor Journal:

Dear Sir: Another conference year has closed, and I find myself under renewed obligations to my readers for its splendid service to my work here. We ministers get into the careless habit of taking so many things granted and into the worse habit of grabbing things as though they were ours anyway, never stopping to question whether we deserve them or whether we are beneficiaries of the thoughtfulness and generosity of others. I feel that.

"It were better to give this very day."

To a worthy friend a cheap bouquet: "Thou a bushel of roses white and red. Piled on thy coffin when he is dead."

The newspapers of Jacksonville are certainly very royal to the churches, and it is as little as we can do to say "We thank you sincerely."

There seems to be considerable surprise that I am to leave the city and best the kind folks, and there are legends of them, get the thought that I have not appreciated all that they have done for myself and home. I will explain.

I fully planned to serve here another year. The work is hard to be sure. Two sermons here at Brooklyn, and a drive fourteen miles through dust, heat, mud, frost, etc., to preach again at three, is a real man's full job. But Brooklyn was developing so nicely, and Asbury had treated me so generously, I was willing to work on.

The Bloomington call came some weeks ago, and I said no. But it became insistent. I would not decide it, and asked Dr. McCarty not to, but to submit it to the Bishop and Cabinet. This he did, and therefore neither Supt. McCarty nor myself can be held responsible.

I sincerely appreciate the fine demand made my loyal Official Board, and the almost unanimous request made by those that have served with me here these years. And while I go to an easier, and a larger field, in obedience to the powers that be, still I say good bye very reluctantly to this goodly city of Jacksonville. Again, accept my gratitude, and oblige.

Yours For Humanity,
I. S. Alkire

AVOID THE BRONCHIAL COUGHS OF EARLY FALL.

The changeable weather of early fall brings on bronchitis and a hard cough that is wearing on the system and seems to tear open the bronchial tubes and mucus lining of the throat. Use Foley's Honey and Tar Compound promptly. For it will soothe and heal the inflamed mucus lining, relieve the cough quickly, and help to expel the cold. It contains no opiates. Get the genuine in the yellow package, and refuse substitutes. City Drug Store, J. A. Obermeyer. (Adv.)

JAMES J. HILL IS NOW SEVENTY-FIVE YEARS OLD

Great Railroad King Has Retired But Leads Active Life.

St. Paul, Minn., Sept. 16.—James J. Hill, the last of the comparatively few men in America who are credited with having earned the title of railroad kings, celebrated his seventy-fifth birthday anniversary today. Mr. Hill was born in Guelph, Ont., Sept. 16, 1838. A year ago last July he announced his retirement, having completed thirty-three years of active railroading in the northwest. He had concluded to take a rest, he said, and in a valedictory he reviewed the growth and progress of the Great Northern system and declared the time had arrived to place the command of the road's forces in younger hands.

After announcing his retirement Mr. Hill went on his annual fishing trip to the St. John river. This summer he has again been catching salmon in Canada. But the year that elapsed between these fishing trips was not one of vacation and relaxation. Mr. Hill's activities during the twelve months or more that have passed since his retirement have been varied enough to tax the energies of a man of half his years.

Last summer Mr. Hill bought two banks in St. Paul, merged them, and also acquired control of the Northwestern Trust Co. He is no longer chairman of the board of directors of the Great Northern, it is true, but it may be said that he still keeps in closest touch with every detail of the working of that system. Not a cent is spent but he knows the reason for the outlay. Not an earnings statement but is scanned and analyzed by the master mind.

Seventy-five years young Mr. Hill may not be chairman of directors, but he is chairman of the Great Northern system none the less.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy and Luxuriant at Once—No More Falling Hair.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? (Adv.)

A young man recently applied for
a position with a large printing

RESUME OPERATIONS ON THE LONG SIDE

RISE OF A FEW LEADERS FAILS TO AROUSE ENTHUSIASM.
Several Leaders in Stock Market Make Substantial Gain in Early Sessions But Toward Close Selling Pressure Becomes Greater and Gains Are Mostly Eliminated.

(By Associated Press.)
New York, Sept. 16.—Operations on the long side were resumed in the stock market today. The pronounced rise of a few leaders failed to arouse enthusiasm and trading lacked the breadth of last week. Reading apparently was selected by common consent as the leader in attempts to bid up the list and under the spur of consistent bidding that stock mounted more than three points to 169½, the highest figure of the year. Amalgamated also made a new high point for the year by rising two points to 80½. Canadian Pacific advanced 3 points. Toward the close selling pressure became greater and gains were mostly eliminated. New Haven fell to a new low record at 99½. The rising tendency of the money market operated against continuation of the active bulls. Money rates, which were advanced all around yesterday, held strong today.

MARKET LETTERS.
Chicago Live Stock Market.
Oliver S. Green, with Walter
Bros., U. S. Yards, Chicago, reports
the estimated receipts for Monday,
September 18th:
Cattle—16,000.
Hogs—32,000.

The general cattle market for all
beef steers was active and strong to
the higher. Several car loads choice
heavy steers \$9.20, with a liberal
number of car lots at \$9.00 to \$9.15.
For handy weights there was a good
demand. One buyer said for such
last week, Wednesday and Thursday.
If you opened your mouth you had
them, while today sellers made the
pace and buyers who bid last week's
prices had to take a second breath
and put on 10 to 15c before anything
was doing. Some of the "fairly
good," light and handy weight cattle
looked 15 to 20c higher. Good
stockers and feeders in better de-
mand, generally 10c higher; other
grades only steady to strong. We

\$7.60.
Select feeders, 950 to 1,000
pounds, \$7.40 to \$7.75.

Have you seen the Capps Indian Blanket Novelty Coats in our windows and on display inside?

These loose, warm, wooly, perfect-fitting garments are the sensation of the season. Lovers of out-door sports and pastimes say they are the most sensible fad ever started and that their popularity is certain to increase.

They follow the original designs of Capps Genuine Indian Blankets. Some of the patterns are quiet and subdued, others as "loud" (and as harmonious) as Sousa's brass band. You will be glad to see them; you will enjoy snuggling into their wonderful "comfortableness." Men's styles made in Norfolk style only. All have shawl collars and roomy patch pockets. Women's styles made in Norfolk and plain with sleeves and shoulders slightly narrower than men's styles and cut in a little at the waist.

JURY FINDS PROCTOR DEFREITAS GUILTY OF LIQUOR SELLING

Defendant in County Court Case Is Convicted on Three Counts—Motion for New Trial Is Entered.

The jury which heard the evidence in the case of Proctor Defreitas, charged with selling liquor in anti-saloon territory, after several hours' deliberation, brought in a verdict finding the defendant guilty on three counts. The court has not yet fixed the penalty and the defendant's attorney, T. F. Smith, has entered a motion for a new trial. State's Attorney Tilton had a good line of evidence against Defreitas and the jury evidently thought the case plain.

In the case against the same defendant, charged with gambling, Judge Brookhouse instructed the jury to bring in a verdict of not guilty as he deemed the evidence insufficient.

People's Cases.

People vs. Albert Defreitas; gambling. Continued by consent of parties.

Same vs. George Pierson; selling liquor in anti-saloon territory. Continued on consent.

Law Cases.

W. C. Calhoun vs. J. G. and Martha Dowell; assumpsit. Default of defendant. Court to assess damages and same assessed at \$160.59 and judgment for same and costs.

W. C. Calhoun vs. G. J. Dowell; assumpsit. Default of defendant. Court to assess damages and same assessed at \$123.48. Judgment for same and costs.

Alvia Edwards vs. F. L. Hungerford; assumpsit. Demurrer to plea of defendant. People, by Robert Tilton, state's attorney, move for leave to be made party plaintiff.

JEFFRIES' BAND TO GIVE DANCE AT NICHOLS PARK.

Members of Jeffries' band have arranged for a dance to be given at Nichols park tomorrow night, when the proceeds will be used for the \$600 fund which the band must raise to secure Mr. Jeffries' instruction for a year. The band members are not soliciting from merchants for this fund but are seeking to raise it in other ways and the dance Thursday night was arranged with that in view. A twenty-five piece band or orchestra will furnish the music and it does without saying that there will be a program of very great excellence. The band deserves the support of the public in this enterprise.

FEDERAL JURY FINDS DIGGS AND HARRIS NOT GUILTY

Acquittal Closes Series of Cases Resulting From Elopement to Reno—Diggs and Caminetti to Be Sentenced Today.

San Francisco, Cal., Sept. 16.—Maury I. Diggs, former state architect, and Attorney Charles E. Harris of Sacramento were found not guilty by a jury in the United States district court late today of subordination of perjury in connection with the Diggs-Caminetti white slave cases.

The jury was out an hour and thirty minutes. None of its members would discuss the verdict afterward.

Neither defendant attempted to conceal his elation when the judgment was read. For the first time in six weeks there was evidence of genuine happiness at the table where the defendants have sat in trials that attracted nation-wide attention.

Today's acquittal closes the series of cases resulting from the elopement from Sacramento, Cal., to Reno, Nev., of Maury I. Diggs, P. Drew Caminetti, Marsha Warrington and Lola Norris, with the resultant arrest of Diggs and Caminetti and their conviction of violation of the Mann white slave act.

Charles B. Harris was Diggs' attorney in private matters before the Reno escapade. After the arrest of Diggs and Caminetti, the government alleged Harris and Diggs made an attempt to influence Miss Warrington to tell a story about the affair that would exonerate the two men.

Diggs and Caminetti will be sentenced tomorrow by Judge Van Fleet for their violation of the Mann act. Motions for new trials will be made, and in the event of their denial by the court, appeals will be taken.

Chattanooga, Tenn., Sept. 16.—"One people, one nation and one flag" was the slogan of a mass meeting here tonight at which delegates attending the forty-seventh annual encampment of the Grand Army of the Republic and allied organizations were officially welcomed.

The speakers at the meeting included Commander-in-Chief Alfred B. Beers, of the G. A. R., who presided, and former Senator Newell Sanders, of Chattanooga.

A hearty cheer greeted the first remarks of the commander-in-chief when he declared "between southern and northern states everlasting peace abides." A novel feature of tomorrow's parade promises to be the participation of N. B. Forrest Camp, United Confederate Veterans. This unexpected innovation resulted from a special invitation extended to the camp today by Commander-in-Chief Alfred B. Beers, of the G. A. R., and accepted by Colonel L. T. Dickinson of the forest camp. The confederate veterans were invited to wear their grey uniforms. Interest increases in the approaching election of officers by the G. A. R. Several caucuses were held today by representatives of various departments. It was generally believed tonight that the choice of the next commander-in-chief would be between General C. E. Adams, of Superior, Neb., and former Congressman Washington Gardner, of Michigan.
